

“There are better things ahead than any we leave behind” C.S. Lewis

2024 was a phenomenal year of growth for Mission 25, and we are ready to keep going in 2025. Read what the Lord has done through Mission 25, and join us as we do more to glorify God in Cambodia.

→ EDUCATION

We have a primary focus of bringing education to Cambodia, because we believe education will change lives. In 2024, Our school in Pursat began its 8th school year. We have 60 k-2 students who are learning & excelling. We also partnered to build a 2nd school in Kampong Cham, which just started, welcoming 75 students!

→ DORMITORY PROGRAM

Our dorms are still going strong. This precious community is learning and moving forward in their university educations, with many getting ready to graduate. Our students are learning more about Jesus are also volunteering with Mission 25, at both the school in Kampong Cham and in our Mission trips!

→ MEDICAL MISSION

In August Mission 25 led a medical mission over 5 provinces in 7 locations. We treated over 1,000 people with 35 volunteers from both the United States and Cambodia. We also donated first aid kits, gave first aid training, as well as audio bibles, and water filters.

→ CLEAN WATER

Mission 25 drilled another 11 wells throughout Cambodia, bringing our total to 73 wells drilled since our inception in 2017

→ EQUIPPING CAMBODIA - 2025

In February 2025 Mission 25 will return to Cambodia with the goal of equipping Pastors, leaders, doctors, nurses, and teachers to reach Cambodia. This will be the beginning a new aspect of Mission 25, which aims to bring "subject matter experts" to Cambodia, to teach and mentor those who will be the nation changers in Cambodia. Do you feel led to serve Cambodia this way in the future? Reach out!

→ GROWTH AND IMPACT

You can learn more about all of our initiatives & how we have grown & impacted Cambodia over the last 7 years by scanning the QR code or by visiting linkin.bio/mission25
